Safety Data Sheet (SDS)
Aloe Vera Freeze-Dried Powder

CAS: 85507-69-3 (aloe vera extract; botanical-derived)

1. Identification

Supplier: JNA Collective Co Pty Ltd
PO Box 7495
Loganholme QLD 4129 Australia
Emergency contact: info@jnacollective.com.au
Poisons Information (Australia): 13 11 26

2. Hazard(s) Identification

GHS classification:
Not classified as hazardous according to the information available.
Hazards:
May cause mild eye irritation on contact.
Precautionary statements:

- Avoid contact with eyes.
- Wash hands after handling.
- If in eyes: Rinse cautiously with water for several minutes. Seek medical advice if irritation persists.

3. Composition/Information on Ingredients

Substance/mixture: Substance

Ingredient	CAS No.	Concentration
Aloe Vera Freeze-Dried Powder	85507-69-3 (aloe vera extract; botanical-derived)	≥99% (as supplied)

4. First Aid Measures

Eye contact:
Rinse cautiously with water or eyewash solution. Remove contact lenses if present and easy to do. Seek medical advice if irritation occurs and persists.
Skin contact:
Wash with water and mild soap.
Inhalation:
Dust may cause milk respiratory irritation. Move to fresh air if symptoms occur.
Ingestion:
Rinse mouth. Do not induce vomiting. Seek medical advice if unwell.

5. Firefighting Measures

Suitable extinguishing media:
Water spray, foam, dry chemical, carbon dioxide.

Specific hazards:
Combustible but presents no special fire hazard.
Hazardous combustion products:
None known.
Protective equipment:
Standard firefighting equipment

6. Accidental Release Measures

Personal precautions:
Wear appropriate protective equipment (e.g. safety glasses).
Spill response:
Avoid dust generation. Collect into a clean, dry, covered container where possible.
Environmental precautions:
Avoid release to waterways where practicable.

7. Handling and Storage

Handling:
Use good industrial hygiene practices. Avoid eye contact. Do not eat or drink in work area.
Storage:
Store in sealed containers under normal cool, dry conditions in a well-ventilated area. Keep away from heat sources and direct sunlight. Store separately from oxidising agents and foodstuffs.

8. Exposure Controls/Personal Protection

Exposure limits:
No occupational exposure limits available (supplier information).
Personal protection:

- **Eye/face:** Safety glasses recommended.
- **Skin:** Protective gloves recommended for prolonged or repeated handling.
- **Respiratory:** Not normally required.

Hygiene measures:
Wash hands after handling; do not eat or drink in work area.

9. Physical and Chemical Properties

Appearance: White powder
Odour: Weak odour
Solubility: Dispersible in water

10. Stability and Reactivity

Stability: Stable under normal conditions.
Conditions to avoid: Excess heat; contamination.
Incompatible materials: Strong oxidising agents.
Hazardous decomposition products: None known.

11. Toxicological Information

Toxicological information:
No chronic effects reported based on available supplier data and published information for Aloe Vera Freeze-Dried Powder.

Likely routes of exposure:
Eye contact, skin contact. Inhalation of dust.
Symptoms:
Mild irritation possible with eye contact or dust inhalation.

12. Ecological Information

Ecological information:
No data available (supplier information).
Additional information:
When used and handled according to specifications, the product is not expected to present harmful environmental effects.

13. Disposal Considerations

Disposal:
Dispose of contents/container in accordance with local, state, and federal regulations. Prevent uncontrolled release to the environment.

14. Transport Information

Transport: Not regulated as dangerous goods.

- **IMDG:** Not hazardous
- **IATA/ICAO:** Not hazardous
- **ADR/RID:** Not hazardous

15. Regulatory Information

Regulatory information:
No specific occupational exposure limits available. Ensure handling complies with applicable workplace safety and chemical regulations in your jurisdiction.

16. Other Information

Issue date: 06/02/2026
Version: 1.0
Disclaimer:
